Optional Practical Training is defined as “temporary employment for practical training directly related to the student’s major area of study”. F-1 students in Science, Technology, Engineering and Mathematics fields who have maintained lawful F-1 visa and are currently pursuing their 12 months of Optional Practical Training (OPT), may apply for a 17-month extension of OPT provided that their employer is enrolled in the E-Verify system.

The maximum amount of time for which OPT may be granted is 29 months full-time.

Students applying for the OPT Extension should apply 90 days prior to the expiration date of their current EAD. However, as long as a student makes a timely filed application for the OPT Extension; the student may continue to work for 180 days beyond the expiration date of the current EAD card.

During your period of your OPT Extension, you are still considered to be in F-1 student status so you must always have valid health insurance and you must keep the International Programs office informed of the following:

- Changes in your name.
- Changes in residential and mailing addresses.
- Employer’s name and address.
- Employment status.

**Employer reporting requirements:** Employers of students on OPT who are requesting the 17-month extension must report to International Programs within 48 hours after the student leaves employment with that employer.

**Report to International Programs every six (6) months:** Students who request the 17-month OPT Extension must agree to report to International Programs every six months from the date the OPT extension starts to verify this information. This information should be emailed to **international@csuci.edu**

You will have a 60 days grace period after the expiration date on your EAD. You may leave the U.S., change your status, or transfer to a new degree program during that time, but you may not continue to work under OPT after your 29 months work authorization has been exhausted.

If you choose to begin a new degree program full-time, whether at CSUCI or at any other institution, during your authorized period of OPT, you will lose any OPT time remaining on your EAD. You will be required to cease employment upon release of your SEVIS record from CSUCI to the new institution or upon issuance of a new Form I-20 for a different program.

Please note that there is no option to further extend the OPT. When the 29 months have been completed, the student must seek another immigration status if he/she wishes to remain in the United States to continue employment. **Also, once OPT has been granted you cannot cancel it. You have to use it or you lose it.**
