**Under MY LINKS, click “CI Learn.”**

You are now at the CI Learn (or Blackboard) main page. To access materials for your desired class, click “My Course List.”

You are now at the Course List page. This page lists courses in which you are currently enrolled and/or courses in which you have enrolled during prior sessions.

Please note, not all courses will appear in your Course List. This list will only show courses in which the instructors chose to use this platform to post course material.
Under Course List, all courses for the Fall 2016 session with start with “2168.”

Select the appropriate class and instructor associated with session 2168 (Fall 2016 session).

For example, Paiva appears twice on this list. The course beginning with 2168 is the course for this current session, not the course beginning with 2152.

You are now at the instructor’s CI Learn (or Blackboard page). On the left hand side of the page is the navigation toolbar for that instructor’s page.

Please note that each instructor can customize the look and navigation tools on his/her own CI Learn page, thus there is no universal appearance. All navigation however will be located on the left hand side of the page.

Explore the navigation buttons on the left hand side of the screen by clicking on each button.

To return to your course list, click “My Course List.”
