LOWER-DIVISION REQUIREMENTS

Lower-division requirements:	Include courses needed to meet graduation requirements at Channel Islands but may not have been needed at your community college. Examples of missing courses include: • <u>Language requirement</u> (demonstrate proficiency in a language other than English) • <u>American Institutions</u> (demonstrate competencies in U.S. History, U.S. Constitution, & California State and local government for a total of 6 units) • Ethnic Studies Missing lower-division courses may be completed at a community college (CC). However, if you have already transferred the maximum allowable 70 CC units, any additional units earned from these courses will not count toward the 120 units required for graduation at CSUCI. This means you will still satisfy the missing course requirement, but no additional unit credit will be awarded toward your degree.
How to satisfy the language requirement?	Take a course (C- or better grade required) or take a test to prove proficiency in a language other than English.
How to satisfy the multicultural requirement?	Our UUDGE C course (MUS 330) also satisfies the multicultural requirement.
