#### ADN Degree Completion and CA RN License:

Required

Completion of ADN degree and California RN license are required for graduation.

Up to 20 upper-division units are granted upon passing the NCLEX-RN. Submission of official transcripts and license verification to CSU Channel Islands is required. In your Degree Progress Report (CARR), this will show as "NRS NCLEX Exam Credit" once posted.

## HELPFUL INFORMATION & CONTACTS

This plan serves as a guide to your degree progress and is subject to change based on course offerings and instructor availability. Please refer to the **program catalogs and academic roadmaps** available on the [BS Nursing Program Information page](#) for the most up-to-date curriculum details.

For questions about major requirements, contact Program Advisor Dr. Aaron McColpin ([aaron.mccolpin@csuci.edu](mailto:aaron.mccolpin@csuci.edu)). For questions about general education (GE) completion, contact Lower Division GE Advising ([ext.ge@csuci.edu](mailto:ext.ge@csuci.edu)).

Any missing lower-division GE requirements must be completed at a community college to graduate. Once completed, submit official transcripts to CSU Channel Islands for evaluation and posting to your academic record. Review your **Degree Progress Report (CARR)** in CI Records to confirm which requirements have been met, are in progress, or remain outstanding.

Please note that a maximum of **70 transferable units** from a community college may be applied toward your degree. Additional coursework beyond this limit may fulfill specific requirements but will not increase your total unit count.

### Multicultural Perspectives Requirement:

If this requirement is unmet, it may be satisfied by taking ANTH 443 or ARTH/CHS 333 at CSUCI or an approved Multicultural/Ethnic Studies (Area 6, previously F) course at a community college.
