

Nubia, Jewels of Ancient Sudan

Scott Jones, Olli instructor and Getty Villa docent, will give a free, one hour Zoom seminar on **January 16, 2023 at 10AM**. The talk will focus on the new Getty Villa exhibit, Nubia, Jewels of Ancient Sudan

For nearly 3,000 years a series of kingdoms flourished in ancient Nubia (present-day Egypt and northern Sudan). The region was rich in sought-after resources such as gold and ivory and its trade networks reached Egypt, Greece, Rome, and central Africa. This exhibition presents highlights from the Museum of Fine Arts, Boston's extensive collection of Nubian objects and features superbly crafted jewelry, metalwork, and sculpture exhibiting the wealth and splendor of Nubian society.
